Our products at present are made from 100% Kenyan raw material like stone and wood sourced in environmentally friendly manner, and local fabrics such as kikoy, kanga & Maasai shukas. The products are made by traditional Kenyan craftsmen and women, and any purchase goes to directly help the under privilege in our society in taking care of their day to day needs including schooling of their children.

Inspired by local traditions and culture

This bold, colorful and eye-catching Colorful Kitenge Backpack is made from kitenge, a locally sourced, cotton fabric.

Big enough to carry books, laptop and other necessities. This backpack is ideal for those in pursuit of style and functionality, it will be your favorite backpack for a long time
